Information Security Policy Statement

The Computer Emergency Response Team of Mauritius (CERT-MU) operates under the aegis of the Ministry of Information Technology, Communication and Innovation (MITCI). The role of CERT-MU is to coordinate cybersecurity response activities, promote cybersecurity at national level, monitor Internet threats and take appropriate remedial measures.

CERT-MU will perform all its functions in accordance with Section 39 of the Cybersecurity and Cybercrime Act 2021.

CERT-MU is committed to building trust of its constituency by maintaining the confidentiality, integrity and availability of their information and any services provided to them.

CERT-MU will set appropriate information security objectives that are achievable and measurable while performing its duties.

CERT-MU will, at all times, comply with applicable regulatory, statutory or contractual requirements.

The Officer-in-Charge of CERT-MU is responsible for maintaining this policy and providing support and advice during its implementation. Adequate resources and management effort will be allocated to this critical endeavour.

All CERT-MU staff are directly responsible for implementing the policy and ensuring compliance in their respective functions.

Compliance with the Information Security Policy is mandatory.

Officer-in-Charge, CERT-MU
